

THE HARI

HONG KONG

Fostering a deeper appreciation for the neighbouring areas of Causeway Bay and Wan Chai. For those in the know, The Hari is the best way to get acquainted with the city and for discerning travellers who want more than to scratch the surface of Hong Kong.

Art has long been in the DNA of The Hari. Curated by London-based A Space For Art, our communal spaces feature a rotational showcase of exceptional works, transforming the hotel into a living gallery. We are proud to champion the local community through The Hari Art Prize, a platform for young talents to unleash their skills and propel the vitality of the Hong Kong art scene.

We are dedicated to a sustainable future without compromising on elegance. As an EarthCheck Silver Certified hotel, we weave environmental responsibility into our daily operations, ensuring your stay supports a greener tomorrow.
