

## ENVIRONMENTAL & SUSTAINABILITY POLICY 2026

Updated 30 May 2026

At The Hari Hong Kong, we are committed to achieving environmental and social sustainability within the hotel. We are doing our utmost to have a positive impact on the local environment and our wider community by implementing environmentally friendly practices and green initiatives in our hotel operations.

Located in the neighbourhood of Causeway Bay and Wan Chai, The Hari Hong Kong is the best way to get acquainted with the city and for discerning travellers who want more than to scratch the surface of Hong Kong. The hotel comprises of 240 guestrooms, including 3 signature rooftop suites with its own private terrace overlooking the city. More than just a place to stay, The Hari Hong Kong is the neighbourhood's living room, boasting a variety of social spaces including Zoku – a Japanese Restaurant & The Terrace, Lucciola – an Italian Restaurant & Bar, and The Lounge. The Boardroom, is a private meeting space which is ideal for intimate dinners or business meetings.

The Hari Hong Kong is being established through sustainable design and construction which seeks to reduce negative impacts on the environment. In order to demonstrate continual improvement in environmental and social sustainability, our commitment extends to energy efficiency, water conservation, reduction of waste and single-use plastic, solid waste management, community involvement, training and education, support of local employment, and minimizing our carbon footprint; present in The Hari sustainability action plan, each measured against the annual Benchmarking Assessment of EarthCheck.

We are also dedicated to growing in an organic and sustainable manner through continuous monitoring of our consumption, purchasing responsibly and fostering positive relationships with our local suppliers, stakeholders, and the wider community alike.

The Hari Hong Kong is committed to comply with all relevant legislation and regulations, including labour laws, striving to achieve international best practice. We have assigned a Sustainability Coordinator, Sugus Ho, who act as an EarthCheck Coordinator to ensure ongoing sustainability performance.

Special consideration will be given to employing and empowering local employees, and wherever possible sustainable products and services will be sourced locally in accordance with Fair Trade principles. We encourage staff to present our commitment to environmental and social sustainability to all key stakeholders including guests, suppliers and contractors.

Edward E. Snoeks
